## 1. Shopping

**Read about the new shopping mall and answer the questions.**

Gatesbridge's new Merriwether Mall is opening this September. With an area of 320,000 square metres, the Merriweather Mall will be the biggest mall in the south west. It's located close to the motorway, has its own bus station and 2000 car parking spaces, so it is convenient for everyone. The mall has five areas, all under cover. The largest, Main Street, is a shopping area on three floors. Here, you'll find all the major chain stores and department stores. You can buy fashion items and all the famous brand names. There is also a large chemist.

Situated on two levels, the market square is where you can find traditional market stalls. On the lower floor, there are food stalls, including a butcher's, baker's, a fishmonger's, greengrocer's and delicatessen. On the upper floor, you will find stalls selling hardware and haberdashery.

Bohemia is at the rear of the mall. Here, you'll find quirky, independent shops selling everything from second hand music and books to clothes and handicrafts.

The Palisade is more upmarket. Here you will find fashion boutiques, jewellers, antiques and furniture. There are also two banks and a post office located along The Palisade.

The Showground is the entertainment centre of the mall. On the ground floor, there is a food court where you'll find cuisine from around the world, including Chinese, Japanese, Thai and Italian food. There is a large arena where events will take place through the year. There is also an eight-screen cinema, a night club and a bowling alley.

And if that is not enough, we are offering you a voucher which will give you £10 off any purchase over £40 that you make in the Merriwether Mall between 10th and 16th September. You can't afford to miss it!

## 2. Education

### Sixteen - What now?

You're 16 and finally you can leave school! By now, you're probably sick of teachers, desks, tests and exams. But don't just run for the exit. You need to think carefully about what to do next.

If you want a professional career, you will need to go to university and get a degree. To do that, you need to stay at high school for another two years. But you needn't stay at the same place. There are several options in the district of Northacre.

St. Leopold's School has the best pass rate of all the high schools in the district. It offers a wide range of subjects in the humanities and sciences. St Leopold's is, of course, a private school, so may be too expensive for you. But don't worry, there are several other options if you want to follow the academic route. Knowle Grammar School is a state school, so there are no fees, and it has excellent tuition and facilities. It is a boys' school from the ages of 11-16, but from 16-18 it is co-educational. But it is selective, so you'll have to pass an exam to get in. If you're interested in going into Business, check out Wyle River Academy. This school specialises in subjects like Business Studies, Management and Economics. If you prefer the arts, look at the courses on offer at Northacre College. Here you can study woodwork, art, textiles and much more.

Northacre College also offers a wide range of vocational qualifications. You can do a 1-year certificate or a 2-year diploma in subjects like electrics, plumbing, roofing and hairdressing. If you'd prefer to work outdoors, look at Milldown College, where there are courses in Farm Mechanics, Land Management, Animal Management and much more.

A final option is to get an apprenticeship with a local or national company. You will get on-the-job training, gain certificates or diplomas and start earning straight away. But be warned - places are limited! Find out more at the Jobs Fair on 26th May at Northacre College.

### 3. The Christmas elf!

A few years ago, I worked as an elf at a holiday resort in Lapland, in the north of Sweden. The resort was in a forest. Visitors and workers stayed in small wooden cabins all around the forest. There was one large cabin where people ate meals. I started work there in mid November and stayed until just after Christmas.

Tourists used to stay at the resort for four days. On the first day, they arrived at the airport and travelled to the resort by coach. I didn't have to work until the evening. Sometimes I went skiing. Then, while the guests had their evening meal, I worked behind the desk in reception. I helped people find their cabins, told them about the itinerary and sold tickets for extra tours. I didn't dress as an elf at that time; I wore the hotel uniform.

On day 2, I and three other elves got up at about eight o'clock. Of course, it was still dark at that time. In Lapland it gets light at about half past ten during the winter, and it gets dark again soon after two o'clock. We dressed in our elf costumes and drove across the snow on skidoos to a cabin in the forest. Inside the cabin, there were huge presents and huge tools. We had to wrap the presents and pretend to make toys with the tools. There were mirrors in the cabin windows. These made us look very small. When tourists looked through the windows, they saw tiny elves using normal-sized tools!

On the third day, we went to a different cabin – Santa's cabin! This was the day when the children finally met Father Christmas. The children would meet Santa and get a toy. Then they came into the elves' workshop to meet us. This room was full of toys and beautifully decorated with a Christmas tree. I and the other elves pretended to make toys and chatted to the children in our own elf language.

The next day, the tourists went home and the next group arrived. I worked on reception again. Working as an elf was great fun, and a magical way to spend Christmas!

## 5. Madagascar – When to go

Madagascar has two seasons, a warm, wet season from November to April, and a cooler dry season between May and October. However, different parts of the country have very different weather.

The east coast is hotter and wetter, with up to 4000mm of rainfall per year. In the rainy season, there are strong winds, and these can cause a lot of damage. Avoid visiting eastern Madagascar between January and March because the weather can make road travel very difficult. The dry season is cooler and more pleasant.

The high, central part of the country is much drier and cooler. About 1,400 mm of rain falls in the rainy season, with some thunderstorms, but the summer is usually sunny and dry, but it can be cold, especially in the mornings, with freezing showers, and it may snow in mountain areas above 2,400m, and even stay there for several days.

The west coast is the driest part of the island. Here, the winter months are pleasant with little rain, cooler temperatures and blue skies. The summers can be extremely hot, especially in the southwest. This part of the country is semi-desert, and only gets around 300mm of rain per year.
